Satellite Television

Columbus West Park is pleased to announce that we are now offering “cable” television to our residents. We have a 32-channel line up provided by Direct TV. The package is through a company called Senior TV, and the channel line up is designed to meet the needs of our residents. This is being offered as a free amenity to all residents of the facility.

Columbus West Park has been wired for private phones in the resident rooms. We are still working out the details, and hope to go live in early 2008.
