**Another Good Department of
Health Survey!**

The Ohio Department of Health completed their annual surprise survey of Columbus West Park on April 13, 2006. We were very pleased with the results. While they did find a few minor issues, all but one were corrected while the surveyors were still in the building. The findings were limited or isolated in their "scope," meaning that they affected only one resident, and all were low a level of "severity," meaning "minimal potential for harm." Ironically, the most challenging citation to correct from this survey is the condition of the staff smoking area. With 140 employees, many of whom smoke, keeping the butts and garbage in the appropriate containers is an on-going battle.

National Nursing Home Week May 15-19, 2006

Columbus West Park celebrated National Nursing Home Week this year with a variety of activities throughout the week. We had a cookout, a pizza party, an ice cream social, a continental breakfast, and had a day of Bingo playing fun. We would like to thank Vista Care Hospice who donated a cake for our cookout and Odyssey Hospice who sponsored our ice cream social.

Throughout the week, all staff participated in a Baby Picture Game.

There was a board of staff baby pictures, and everyone got to guess which picture belonged to which employee. We had about 24 staff bring in pictures. Our winner was third shift STNA Sandra Crawford. We would like to thank Omni Home Health, as they donated a generous gift certificate for the Baby Picture game winner.
